Subject: FW: Proclamation for Turner Syndrome Awareness Month - Please Read
Attachments: sjr62.pdf

Steve,

Is it possible to have this re- drafted as soon as possible? We are going to try to have it on the floor in February for Turner Syndrome Awareness Month.

Denise Stromme
Office of Senator Lehman
266-1832

From: Sieg, Tricia

To: Stafford, Beau; Stromme, Denise; Gaston, Geoff
Subject: Proclamation for Turner Syndrome Awareness Month - Please Read

Dear Beau, Denise, and Geoff,

Here is the citation we did last session for these people. They are really nice and really really care about their granddaughter and want to help her and make people aware of this awful disease. I am a little mad they moved from our district because they were so nice but they are yours now. If you need anything please let me know

Subject: Proclamation for Turner Syndrome Awareness Month - Please Read

Hello Representatives,

I wrote to you last year in hopes of having a Proclamation done to make February Turner Syndrome Awareness Month. You were so kind as to pass a Proclamation as well as a Joint Resolution. They were sponsored by Senator Lazich as we lived in her District at the time. This did help to raise awareness across our State in the Medical Field, the School System and Communities. Other States

followed suit and it has also helped in those States and we are very grateful. There is still a great need for Turner Syndrome Awareness in Wisconsin and all across the Country. Our biggest hope is to be able to take our Granddaughter to Specialists here in Wisconsin instead of traveling to Ohio. The awareness is slowly working as there is one more Turner Syndrome Clinic in Florida that just recently opened. Other Turner Syndrome girls and parents across Wisconsin are also looking forward to the day that awareness and knowledge is right here in Wisconsin. There is no where near the awareness needed in Schools, Communities and the Medical Field here and it affects hundreds if not thousands of girls across our State.

We are hoping that you would again do a Proclamation making February 2013 Turner Syndrome Awareness month. We now live in Caledonia, WI and do not know if that makes a difference as Senator Lazich had it on her calendar until the year 2025 I believe.

Just to refresh, we are the Grandparents/Guardians of a Beautiful now 10 year old girl named Veronica Rakel.

Turner syndrome (TS) is a non-inherited chromosomal disorder that affects one in 2,000 female births. There are approximately 80,000 women and girls affected with TS in the United States with approximately 800 new cases diagnosed each year. Primary characteristics are short stature, ovarian failure, heart defects, and normal intelligence with possible learning disorders. To learn more visit www.turnersyndrome.org.

Our Granddaughter was diagnosed right after her 6th birthday after we spent nearly 6 years taking her to Drs and hospitals with many, many health problems. She was finally diagnosed by a Gastroenterologist who had the insight to have a Genetic test run. Shocked is an understatement especially since upon reading the Info provided we found out she had all of the Classic Signs from Birth on. Missed by so many Doctors. We are very blessed to have gotten her diagnosed at this time as she had been suffering from high blood pressure and a serious heart condition that we had no knowledge of along with Asperger Syndrome and other problems. The puzzle pieces finally started to fall into place. She is now a very bright and happy 10 yo who attends 4th grade. In the past year she has been diagnosed with what we consider another very challenging condition, Neuropathy of the Pelvic area, meaning she cannot feel her bladder or bowels. Devastating for a girl going into the pre-teen years. She is the light of our life and has many hurdles to overcome but we know that she will succeed in anything she chooses to do with the correct help. Please help us help other TS girls, parents, families and especially expecting moms out there. Too many expectant Moms are given the wrong information before they can make an informed decision on terminating. The potential for these girls is mostly fantastic even though it sounds like and feels devastating.

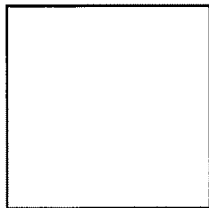

Our Mission is to "Create awareness, promote research and provide support for all persons touched by Turner syndrome."

I have attached an article that the Racine Journal Times wrote about Veronica and Turner Syndrome that has a lot of very helpful information. Aurora Healthcare also did a series of videos on the condition and has been very helpful in promoting awareness. This is the Clinic that Veronica's family Doctor is and he is learning about the condition right along with us.

http://journaltimes.com/lifestyles/health-med-fit/turner-syndrome-girl-highlights-need-for-awareness-earlier-diagnosis/article_da2f38a4-67c9-11e1-89d5-0019bb2963f4.html

Any help and assistance you could provide would be great appreciated.

Sincerely,
Marc and Yvonne Erdman

Stays

2013
~~2011~~ SENATE JOINT RESOLUTION ~~62~~

in 1-25

February 10, 2012 - Introduced by Senators LAZICH and TAYLOR, cosponsored by Representative KUGLISCH. Referred to Committee on Senate Organization.

1 **Relating to:** Turner syndrome awareness month.

2 Whereas, Turner syndrome is a noninheritable chromosomal disorder that
3 affects one in 2,500 live female births; and

4 Whereas, earlier diagnosis will help these girls and women get a complete
5 cardiac screening; and

6 Whereas, risk for acute aortic dissection is increased by more than ~~100-fold~~ ^{a hundredfold} in
7 young and middle-aged women with Turner syndrome; and

8 Whereas, early diagnosis facilitates prevention or remediation of growth
9 failure, hearing problems, and learning difficulties; and

10 Whereas, individuals with Turner syndrome have an increased risk of
11 nonverbal learning disorder, which can cause problems in math, visual-spatial
12 skills, executive-function skills, and job retention; and

13 Whereas, a disproportionately small amount of funding is available for Turner
14 syndrome research and support; and

Whereas, with the help of medical specialists and a good social support system, a woman with Turner syndrome can live a happy, healthy life; and

Whereas, the establishment of Turner syndrome awareness month will provide the opportunity to share experience and information and raise public awareness about Turner syndrome; now, therefore, be it

Resolved by the senate, the assembly concurring, That the legislature proclaims February 2012 to be Turner syndrome awareness month and encourages all residents to increase awareness of education about and services for Turner syndrome, which each year affects hundreds of female babies in Wisconsin; and, be it further

Resolved, That the chief clerk of the senate shall transmit copies of this resolution to the author for appropriate distribution.

Hello Denise,

We will go ahead and jacket LRB-1337 for the Senate.

Steve Miller (the drafter) will need to draft a "companion" for you (new LRB number) if you would like to also jacket the Joint Resolution for the Assembly.

Please contact Mr. Miller (267-2175) if you have any questions.

Thank you,

Mike Barman (Lead Program Assistant)
